BUILDING BOOM SHOWN BY RECORDS FOR SEPTEMBER

Trade Opens Lively This Fall
With Contracts Let For
Other Enterprises.

Police Had Quiet Month With
Little Disorder.

REPORTS OF PUBLIC OFFICERS

Building operations in Paducah were on the boom last month and City Engineer L. A. Washington issued 11 permits for improvements, entailing a cost of \$6,325, perhaps a fourth of the actual cost. Besides operations in building lines shown by the permits, work is progressing on the new central fire station on Kentucky avenue and on the John Hodge tobacco factory, at Ninth and Harrison streets. Work on the third story addition to the city hall will begin as soon as the large roof timbers arrive from the south. There is a good outlook for more building before the first of the year.

Following are the permits, to who issued, character of construction, location and cost:

J. D. Moequet, brick addition on Jefferson street, between Twelfth and Thirteenth streets, cost \$500.

Rear porch covered with corrugated iron, to Nagel & Meyer, on Third street, between Broadway and Jefferson street, cost \$200.

H. Well Distillery company, frame warehouse on Benton road near Mill street, cost \$1,800.

Mrs. T. E. Holland, frame building at Twenty-third and Jefferson streets, cost \$2,000.

H. C. Wilcox, frame addition, on Kinkaid avenue near Bridge street, cost \$200.

Albert Carr, frame building on Ninth street between Caldwell and Norton streets, cost \$400.

W. B. Parish, frame addition on Clements between Powell and Yeiser avenue, cost \$150.

J. P. Holt, frame building at Twenty-fourth street and Kentucky avenue, cost \$500.

W. H. Paterson, frame auto shop on Broadway between Fourth and Fifth streets, cost \$75.

M. Dawson, frame building at 1014 South Tenth street, cost \$100.

Jerome W. Smith, frame addition on Mayfield road near Cedar avenue, cost \$400.

Police Were Quiet.

There was a decided decrease in the number of arrests made by the police during September as compared with August. August was a record breaking month, 237 arrests being made, while last month only 150 arrests were made. The different offenses were: Breach of ordinance, 9; drunkenness, 26; drunk and disorderly, 7; breach of peace, 56; obtaining money by false pretenses, 3; forgery and fugitive from justice, 1; immorality, 3; robbery, 3; fast driving, 3; fugitive from justice, 1; petit larceny, 2; harboring a vicious dog, 1; vagrancy, 4; using insulting language, 1; gaming, 6; obtaining property by false pretenses, 1; violating Sabbath, 5; mail-carrying, 1; grand larceny, 2; disorderly house, 1; disorderly conduct, 7; conspiracy, 1; jail breaking, 1.

Burial Permits.

Twenty-three burial permits were issued by City Clerk Maurice McIntyre in September. Fourteen were on white people, and 9 to colored.

City Finances.

Following is the monthly report of City Treasurer George Walters and City Auditor Alex Kirkland for September, showing the standing of the city's finances:

Balance Sept. 1, \$49,001.71

Collections \$4,214.96

Total \$53,216.67

Disbursements \$18,938.73

Balance Oct. 1, \$34,277.94

Fire Department.

During the month of September 17 fire alarms were answered by the fire department. The heaviest loss was sustained by the Old Terrell distillery when the packing room was destroyed by fire. Chief Wood estimates the loss for the month at \$5,000.

Recruiting Office.

Out of 41 applicants for the United States army at the Paducah recruiting station in September only 9 passed the examination and were accepted for service. This is a large per cent of unqualified men, but nevertheless the same is true

Peary's Ship, Roosevelt, Enters in Hudson-Fulton Parade With Her Commander and Wife on Bridge

Cook and Peary Miss Each
Other in New York Central
Station by Only Half Hour
This Morning.

New York, Oct. 1.—Peary returned here this morning with his wife, arriving at 7:07. They slipped quietly into the New York Central station, unheralded and with no crowd. They were met by Bridgman. There were only a few newspaper men besides Bridgman. "There he is," shouted some one as Peary stepped from the train. Then there was cheering.

Peary missed running right into Cook by only a half hour. Just after the Peary party cleared the station, Cook arrived and took a train for Boston, where he will lecture tonight.

Peary refused to answer interviewers and said: "I am hungry, anyway, and want my breakfast." Bridgman took Peary and Mrs. Peary to the Belmont hotel for breakfast across the street. They had a short rest at the hotel, then the commander and his wife and also Bridgman went aboard the Roosevelt, anchored off the foot of Second street.

"We might have had a good story if Peary's train had been late," sadly commented one newspaper man. At 9:10 o'clock the Roosevelt, with the Peary party aboard, steamed up the river between two excursion boats to take its place in the parade line. She is a little craft, be-ribboned and be-flagged from topmast to deck. On the gaff mizenmast was an American flag with a strip of white canvas sewed diagonally, bearing the words "North pole," in black letters. She carried a crew of 19.

The commander wore a blue suit and a fedora hat, and appeared in the best of health. He did not show any traces of his Arctic travel, as did Cook.

The Parade.

The naval parade today embraced the greatest array of merchant vessels in the nation's history. Starting here will be a repetition of Saturday's pageant and another from Albany. The two will meet at Newburgh, where Washington had his headquarters. Deep water battleships did not participate today, but many cruisers, monitors, submarines and torpedo boats. Peary's ship was near the front.

Wright and Curtiss will fly if the strong wind dies down.

Cook at Boston.

Boston, Mass., Oct. 1.—Though no brass band or committee of notables will meet Cook when he arrives here late this afternoon, police are preparing to handle a great crowd which is expected to greet him. On arriving he will go to his hotel, and later pay an informal call on Mayor Hibbard. T. J. Trueblood, secretary of the American Peace society, who returned with Cook from Denmark and sent a wireless: "He has convinced me he was the first to reach the pole," will introduce the speaker.

Can Make Rasin Wine.

Peoria, Ill., Oct. 1.—Henry H. Shufeldt & Co., rectifiers of this city have secured a restraining order from Judge Kohlsaat in Chicago, directed to the commissioner of internal revenue, P. G. Rennie, collector of the Peoria district, and his force of gaugers and storekeepers, forbidding them to put into effect the decision of Commissioner of Internal Revenue Cabell for the collection of tax on raisin wine after Oct. 1.

throughout the United States. The official army report from Washington, D. C., shows that in August 9,900 men applied for army service while only 1,842 of this number were accepted. Those accepted were included in the Porto Rica regiment, the Philippine scouts and four Indian scouts. Sergeant C. A. Blake and Joseph Kresky are holding three men on probation awaiting the arrival of Capt. G. W. Kirkpatrick tonight. The men will probably be accepted and sent to Jefferson barracks, St. Louis, for assignment.

Marriage Licenses.

September was only a fair month for Cupid as only 29 couples were made happy. During the month 24 licenses were issued to white couples and five to colored couples. Doubtless a number are waiting to be October brides.

W. L. D. Stamps.

In the sale of cigar, beer and spirit stamps there was a slight increase in September over August, according to the report of Thomas N. Hazell, deputy stamp collector. During the month 330 wholesale liquor dealer stamps were issued.

DUEL WITH POLICE.

Newark, N. J., Oct. 1.—Albert Demarest, who came here several years ago from St. Louis, died in the hospital this morning from two bullet wounds received in a revolver duel with four policemen last night. Early in the night he had tried to shoot Adam G. Marshall, who lived in the same house, and then barricaded himself in a room, telling Marshall he would shoot anyone trying to enter. Marshall got a warrant and came with four policemen, who battered in the door. The duel followed. He was hit twice, once in the abdomen and once near the heart. He was hurried to Orange hospital. According to the police, Demarest recently inherited a fortune from a relative in Canton, Mo., and since had been drinking heavily. He was ordered to leave the boarding house, and blamed Marshall for his trouble.

REPUBLICAN FOR FIRST DISTRICT RAILROAD BOARD

Central City, Ky., Oct. 1. (Special).—A Republican convention of the First railroad district nominated John P. Haswell for railroad commissioner.

Burglars at Spring Hill.

Clinton, Ky., Oct. 1. (Special).—Burglars looted the store of J. A. Featherston, at Spring Hill, in the northern part of Hickman county, last night. Authorities there have sent for bloodhounds and expect to trail the robbers.

RURAL ROUTE CONTEST IS SETTLED AT LAST

The hard-fought contest between Frank Caldwell and Henry Park for rural route, No. 1, out of Woodville, was ended today when Caldwell received the appointment and went out on his initial trip. Since the death of Oscar Thompson, who had the route, three months ago the contest aroused friends of both. Caldwell is a young man and is a son-in-law of Deputy United States Marshal Elwood Neel.

CHAMPION TELLS ENEMIES CAUSED LOSS OF HIS HOME

The mysterious case of John Champion, the supposed maniac brought from Stiles, may be brought before the grand jury for an investigation. Residents near Stiles have been startled by the stories they have heard and today communicated with County Attorney Alben Barkley. It is said that some of the citizens have learned that Champion is the victim of enemies, who were jealous of his prosperous condition. Champion says he was in his boat ill with fever when neighbors entered, carried away his winter's supply of goods, removed his furniture from the boat and then set fire to it in an effort to conceal the robbery. Champion says he was stunned by blows and did not regain his senses until after he had been placed in the county jail.

County Physician Young says Champion is sane now. Champion says he may have been out of his head from malaria, but a gun and provisions were stolen from him, and he believes enemies are responsible.

Congress of Aeronauts Meets
in Switzerland.

FAMOUS SPORTING MAN DEAD.

Paris, Oct. 1.—With great formality President Fallieres today received Cheftek Pasha, virtually military ruler of Turkey. In response to a formal speech of Fallieres, the Turkish general made an extended discussion of Turkey's prospects and future, predicting the steady growth of the empire in power and in territory. Cheftek Pasha left Paris this morning for Marseilles, whence he will return to Constantinople. Turks here are arranging a great demonstration at Marseilles, including a parade which will escort him to the depot.

Aeronautic Congress.

Zurich, Switzerland, Oct. 1.—Today's session of the international aeronautic congress is behind closed doors. Delegates from all over the world are discussing revision of rules governing contests. Thousands of visitors are here to see the races, including the big international cup race, in which 65 balloons are entered. Germany has 40, Switzerland 10, France 6, Italy 5, Spain 3, Austria 2 and England and America one each. The first prize is \$5,000. The starts are Sunday after the minor events are finished. Denmark, Poland and Russia were admitted to membership today.

Famous Sport Dead.

London, Oct. 1.—"Pony" Moore, the famous sporting man of England and America, died here today.

MR. CARDEN WILL FILE AN AMENDED PETITION

An amended petition naming a number of new defendants will be filed shortly in the federal court here by A. H. Cardin, of Crittenden county, who is suing night riders, growing out of the destruction of his property. At present Mr. Cardin, with his attorneys, J. Wheeler Campbell, of Louisville; H. N. Leech, of Clarksville, and Carl Henderson, of Marion, are gathering information for use in the damage suits. He is suing in both the federal courts of Kentucky and Tennessee.

Nurse is Heroine

Wheeling, W. Va., Oct. 1.—Fire in the County Children's Home at Lacoma, Belmont county, today totally destroyed it. Fifty-four children had thrilling rescues. As the last nurse was carrying out a babe, the stairway fell. Miss Grace Green, the nurse, returned repeatedly to the second floor, carrying out safely twelve tots.

OILED SURFACE PROTECTS ROAD; PREVENTS DUST

Both President Rudy, of the board of public works, and Mr. Raymond Staggs, of the Standard Oil company are pleased with the work done on Jefferson street west of Eleventh street, where the roadway was cleaned and rolled and oiled and then covered with a coat of screenings. The same treatment will be given Broadway. The oil is odorless and while it was to be expected that for two or three days the surface would be too greasy for good walking or to sit down in, the result of the work promises to be satisfactory. Oiling the street accomplishes two purposes, besides affording a hard, smooth roadway for pleasant traveling, it keeps down the dust and prevents the roadway grinding up in dry weather. It is cheaper than sprinkling, costing less than four cents a gallon, and requiring only four-tenths of a gallon per square yard. This mixture is distilled petroleum with an asphaltum base, which gives it its cementing qualities. In St. Louis a street coated in this way has been wearing 19 months and is still good.

Louis Futrell Given Ten Years in Prison For Killing H. B. Osburn, a Paducah Boarding House Keeper

Affidavits Filed by Attorneys
in Circuit Court in Effort
to Prove Hiram Smedley is
Mentally Unbalanced.

Ten years in the state penitentiary was the punishment meted out to Louis Futrell for the murder of Horace Osburn by the jury this morning when a verdict was returned. The verdict was returned this morning about 10 o'clock after the jury had considered the case about an hour. He was found guilty of voluntary manslaughter. Motion will be made for a new trial tomorrow morning and should it be overruled the attorneys for the defense announce they will take an appeal.

Arguments in the case, which has been bitterly fought on both sides, were closed yesterday afternoon. The arguments drew large crowds and the circuit court room was crowded to its limits to hear the speeches, which were as good as ever delivered in the court house. Judge John K. Hendrick closed the argument for the defense and Commonwealth's Attorney John G. Lovett for the commonwealth made masterful summaries of the evidence in his closing speech. Following the instructions of Judge Reed, the jurors discussed the evidence a short time last night, but did not vote. After a good night's rest the jurors reported this morning and began the balloting. The first vote showed the jurors favored a term ranging from two years to 21 years in the penitentiary. A few more ballots were taken and the jurors reached a compromise on ten years.

When the jury reported there was silence in the court room and when the verdict was read Futrell did not display any emotion. Attorneys for the defense showed their displeasure with the verdict, and at once announced that a new trial would be asked. Futrell had high hopes all through the trial of being acquitted. J. S. Futrell, father of the boy, and under indictment for complicity in the crime, will not be tried until next January, as this morning his trial was set for the second day of the next criminal term.

The jurors were: Clarence Murphy, Robert Graham, C. P. Harrold, Hugh Burrows, R. H. Mansfield, J. H. Spaulding, B. J. Hovekamp, E. R. Hill, R. A. Williams, A. D. Ray, H. W. Meyer and J. B. Ray.

Colima Volcano Spouts Lava.

Mexico City, Oct. 1.—The government weather bureau has received a telegram saying that the volcanic mountain Colima erupted yesterday throwing clouds of smoke and ashes over the surrounding country. Lava is reported to be running down its slopes into the adjacent valleys.

Amateur Aeronaut Stops Traction Cars

Indianapolis, Oct. 1.—Henry D. Pruden's "Old Duffer," in a freak flight, the first for himself and balloon, on his way home to Dayton, O., passed over Edinburg, Ind., and came within speaking distance. He said: "How far are we from Dayton?" As he yelled the anchor caught in the high tension traction wires of the Louisville Traction company and snapped them. The electrical display frightened him and he dropped his ballast and soared out of sight. Meanwhile the entire traction system between here and Louisville was out of commission three hours. He passed over Louisville at midnight and dumped his ballast to keep hitting the high places. This morning he passed over Greenville, Ky., close enough to say he was having a fine

ALL RACE HORSES FROM MT. VERNON ARE COMING HERE

Secretary Rodney Davis of
Fair Association Re-
ceives Word.

Twenty-Five Stalls at Fair
Grounds Filled.

FROM SURROUNDING TOWNS

Long distance telephone messages from Mt. Vernon, Ill., today assure Secretary Rodney Davis, of the Paducah Fair association, that every race horse there will come here for the races next week. Mr. Davis talked with William Pultz and Martin Rucker there and both are coming with their strings of horses numbering about seven, to be entered in the harness events. With other promises from that city the association expects at least 25 horses from that place. Dr. Pixley, of Evansville, and McFarlan brothers, of Mt. Vernon, who are now at the Union City, Tenn., fair, are coming with their horses also.

About 25 of the stalls at the fair ground stables are filled with racing horses and the entire number, over 100, are expected to be taken up. From the present outlook there will be 60 fast running horses here in addition to the large number of harness animals. Judge Bunk Gardner, of Mayfield, is in the city and is boosting the coming races.

Secretary Davis has received a letter from Bandana giving the names of four horses to be brought here. Three will be entered in the "green" races and one in the stock display. They are: Capt. Cook, sired by Sir Edwin Arnold, dam Minnie Wilkes, owned by Tittsworth and Holmes; Lizzie C., sired by Red Aloe, dam Daisy Belle, owned by W. A. Christian; Alice B., sired by Sir Edwin Arnold, dam Iler Wilkes, owned by W. F. Purdy.

Herman, Jr., sired by Herman Wilkes, and Raghu Girl, best registered stallion, and roadster, owned by Jim McKinney, will be in the two-year-old class.

MAYOR GOES TO PRISON.

Sentenced to 18 Months for Alleged Extortion.

Philadelphia, Oct. 1.—Abraham C. Eby, formerly mayor of Berksville, Pa., who was convicted recently of using the mails to extort money from the Pennsylvania Railroad company, was sentenced to 18 months in the government prison at Atlanta, Ga., and to pay a fine of \$1.

Pastor's Association

Outlines for the winter's work will be discussed next Tuesday morning at 10 o'clock when the Protestant Pastors' association will meet at the Broadway Methodist church. During the summer the work of the association has been dropped, owing to a large number of the members being out of the city on vacations; but this morning the Rev. Grant T. Sullivan, president of the association, issued a call for the meeting. Reports from the various departments of the work will be heard, while the Rev. M. E. Dodd, pastor of the First Baptist church, will deliver an address on "The Pastor and His Message."

TAFT DECLARES HE IS FOR ROOSEVELT POLICY

Seattle, Oct. 1.—Smarting under charges that he gave lukewarm support to Roosevelt's policies, Taft said today: "Some people are more Rooseveltian than Roosevelt himself; the same as the old saying that some Catholics are more Catholic than the pope. Nobody has more respect for my predecessor's policy than I. People had confidence in him and he in me and I am trying my best to support his policies, interpreting them to the best of my ability. I am doing what the public in general wishes, not what the minority want. It is impossible for me to deal with the west as well as he, because he spent most of his life here."

Livestock.
Louisville, Ky., Oct. 1.—Cattle—Receipts, 205 head; for the four days this week, 2,965 head. There were about as many buyers here as usual on Thursday, principally the local traders and butchers. The market was quiet and unchanged. Choice finished butcher cattle and higher grade feeders and stockers in good demand at steady prices, while all medium and common butcher cattle and medium, plain and common grade feeders and stockers were dull. Good many plain 900 to 1,100 pound steers coming that are pretty slow sale. Choice bulls steady. Common bulls and canners dull. Milch cows unchanged. No prime heavy cattle here. Feeling about steady. We quote prime export steers, \$6.00 @ 6.75; good heavy shipping steers, \$5.00 @ 6.00; beef steers, \$3.25 @ 5.25; fat heifers, \$3.25 @ 4.50; fat cows, \$3.00 @ 4.00; cutters, \$2.00 @ 3.00; canners, \$1.00 @ 2.00; bulls, \$2.00 @ 3.00; feeders, \$3.25 @ 4.75; stockers, \$2.25 @ 4.25; choice milch cows, \$3.50 @ 5.00; common to fair, \$1.50 @ 2.50.
Calves—Receipts, 167; for four days, 751. The market ruled steady on choice light veals (120 to 160 pounds) at 7 1/2 @ 8c; medium, 5 1/2 @ 6 1/2c; common, 2 1/2 @ 5c. Common and heavy calves very dull. Do not ship light, trashy calves weighing under 90 to 100 pounds. That class will be condemned.
Hogs—Receipts, 6,668; for four days, 19,270. The market was very slow in opening, and prices were

mostly 5 @ 10c below yesterday's early sales. Selected hogs, 165 pounds and up, selling at \$7.70 @ 7.80; 130 to 165 pounds, \$7.20 @ 7.30; pigs, \$5.50 @ 6.50; roughs, \$6.75 down. Trade finished slow. Buyers discriminating against the grassy, half-fat kinds of hogs.
Sheep and Lambs—Receipts, 588; for four days, 1,690. The market ruled very quiet, about steady. Choice lambs, 6 1/2 @ 6c; best fat sheep, 3 1/2 @ 4c; common sheep slow sale; good butcher lambs, 5 @ 6c; culs, 3 @ 4c. Nothing doing in the stock ewe trade.
St. Louis, Oct. 1.—Cattle—Receipts 6,000, including 2,500 Texans; steady to 10c lower. DETROIT WINNER OF THE PENNANT

AMERICAN LEAGUE RACE IS FINALLY SETTLED.

Boston Defeats Tigers and Chicago Takes Two From Philadelphia Club.

POST-SEASON GAMES PLANS

Boston, Oct. 1.—The fight for the American League pennant is over. Detroit has won again, making it three straight championships and a record for the league. The champions lost their game 9 to 7, but as Philadelphia lost twice to Chicago the Detroiters are sure of the flag.

The game was hard fought, both teams using two pitchers. Mullin was batted hard in the first inning and in part of the second. Willett also was hammered hard. Detroit drove Wood from the box, but Hall held the visitors scoreless.

Three runs tallied in each of the first two innings by the home team made it look as though Boston was going to win easily. Detroit, however, by fast work on the bases and timely hitting was soon leading by one run. Boston won the game in the eighth inning with two out. With men on second and third, French singled, scoring two runs. Another hit sent in an additional run giving Boston a total of nine.

The champions this season had to make the hardest kind of a fight to win the flag, and up to last week the result of the race was in doubt. Detroit started off well and remained at the top for weeks, mainly through the remarkable work of its pitchers. A setback came toward the middle of the season, however, and at one time the champions dropped as low as third place. They did not stay there long, bracing up considerably and passing Philadelphia and Boston who were in first and second places respectively. A long series at home again gave the pennant winners a good lead before they made their second eastern trip, but on the trip they slumped again and when they went west for their last home series were about on even terms with Philadelphia and Boston.

Two deals for players, by which Detroit strengthened its infield, again put a winning combination in the field and gave the champions a comfortable lead before they started for their last invasion of the east. Manager Jennings feels confident of winning the world's championship, and says the experience his players gained in their two series with the Chicago Nationals for that honor will help them greatly.

Score:
Detroit 7 10 2
Boston 9 12 2

Quakers in Mourning.

Philadelphia, Oct. 1.—There is sadness in Quakertown because the Chicago White Sox put it over twice on the Athletics and shoved them down to the runner-up position, instead of a pennant possibility. Connie Mack says "next year." The hitest wonders were certainly there with the clubs. They outbatted the locals in both games. But, at that the locals have little to equal about because they played poorly in the field, and Chicago was not much better. Dygert helped the Sox to their first game by passing seven men, besides which the visitors found him for nine hits, three of them doubles and one a triple. Mack put his star Kraus, in to stop the Sox in the second game, but he was knocked out of the box, Coombs taking his place. The locals' errors were costly. After the locals tied it up in the sixth the Sox found Coombs for a run each in the seventh and eighth, sealing the fate of Mack's pennant hopes. Twice the locals got to Burns, but in the last three innings he settled down and held the locals well.

First game:
Philadelphia 3 7 5
Chicago 8 9 2
Second game:
Philadelphia 4 6 2
Chicago 6 12 3

Darkness Ends a Tie.
New York, Oct. 1.—Muff of an easy fly by Eagle in the ninth inning gave St. Louis a chance to come from behind and tie. Bailey, St. Louis' pitcher, by his triple in this round sent two men over the plate, all runs of the inning being scored after two were out. The game was called at the end of the ninth on account of darkness. Two games will be played tomorrow.

Score:
St. Louis 4 11 2
New York 4 9 1

NATIONAL LEAGUE.
Klawitter Trims Pirates.

Pittsburgh, Oct. 1.—Pittsburgh and New York divided a double-header, the visitors taking the first, 6 to 2, and the locals the second, 9 to 1. Klawitter was strong in the first contest and Froek, a recruit, held New York at all times in the second. Gibson, by catching in both games broke the world's record for the consecutive number of games caught in a season, he having participated in 133 games. McGuire, of the Cleveland Americans, claiming to have caught 132 consecutive games.

Post-Season Scrap Arranged.

Cincinnati, Oct. 1.—It was announced at headquarters of the National Baseball Commission that the post-season series games between the Chicago American League team and the Chicago National League club will begin at the West Side park in Chicago on October 8.

The arrangements for the post-season series between the New York National League and Boston American league clubs, beginning Tuesday, October 8, were announced by the national commission.

The wording of the notice regarding terms under which the New York Boston series will be played is practically the same as that concerning the Chicago championship series.

La Center Here Sunday.

La Center will find a hard team to defeat Sunday when the Ballard county lads will face the Wellies at League park. Both teams have divided two games and as the third contest will decide the championship the two teams are patching up weak spots.

For the Wellies Runyan will be in the box, and he is expected to make monkeys of the La Center batters. Wand, a strong Ballard county pitcher, will oppose the Wellies, and although he is said to have some mysterious curves, little trouble is expected in solving his puzzles. The Wellies will line up: Mercer, c; Runyan, p; Evans, 1b; Johnson, 2b; Mount, 3b; Merritt, ss; Griffin, lf; Hanners, cf; C. Fuller, rf.

REGISTRATION DAY TUESDAY, OCTOBER, 5.

TO FIGHT THE WHITE PLAGUE

KENTUCKY ASSOCIATION FOR PREVENTION.

Leaders in Cause For Better Health Adopt a Constitution and Name Officers.

PLACE FOR HEADQUARTERS

Lexington, Ky., Oct. 1.—The Kentucky association for the Prevention and Relief of Tuberculosis became an actual organization. The organization will be incorporated and will have all the powers any corporate entity of a like nature may have. It will have the right to hold property and may collect dues and receive donations for the purpose of carrying on the work for which it was organized. The location of the society's headquarters has not been decided upon but Louisville or Lexington have good chances for it.

The object of the society, as stated in the articles of incorporation, is to carry on an educational campaign in which the dangers of the disease are made known and for the establishment of local associations all over the state which shall carry on the work in their localities. Also to encourage the establishment in this state of sanatoria, for the treatment of tuberculosis, of dispensaries, and, if approved by the board of directors to equip and maintain them. It is also provided that the association cooperate with state and local authorities and medical societies, and to aid in securing state and local legislation for the relief and prevention of the disease.

It is further stated that the association shall be managed and conducted by a board of directors, consisting of not less than nine and not more than twenty-four persons, which shall be divided into three classes, one-third of the directors, serving for one, two and three years respectively. It is ordered in the articles that the officers shall be a president, one or more vice-presidents, a secretary, and a treasurer, the first two to be elected at the annual meeting of the directors, and the last two to be appointed by that board, each of the officers holding their positions for one year. The board of directors are also given authority to employ such agencies or nurses as they may deem necessary in their work.

The by-laws adopted by the association provide for the meeting of the board of directors on the first Thursday in September, January and May at the office of the association; that special meetings may be called by the president; and that five members of the board shall constitute a quorum. Previous notice of all meetings shall be given, and until changed by the board, the number of directors shall be fifteen. The by-laws provide for five vice-presidents, and that the treasurer may be a corporation.

It is provided that the president shall appoint the chairman of the committees from the board of directors, and the other members of the committees from the members of the association. The following standing committees are provided for: executive, finance, publicity, lectures, legislation, vital statistics and public health and membership. The membership of the association shall consist of the following classes: regular members, giving \$2 annually, sustaining members, giving \$10, associate members, giving \$1 annually, patrons giving \$25 annually, and life members giving \$100.

Kellar, Frankfort; third vice-president, Mrs. Charles Dallam, Henderson; fourth vice-president, E. T. Franks, Owensboro; fifth vice-president, Mrs. Benjamin L. Banks, of Richmond; secretary and treasurer are to be selected later by the board of directors. T. A. Sampson, of Louisville, is the acting secretary.

The following directors were also named: Bernhard Flexner, Louisville; Dr. George P. Sprague, Lexington;

rearing Farm Hands.

Every farmer's wife knows what tremendous appetites farm hands usually have; and while they eat well they work well, too.
Here's a good suggestion about feeding farm hands. Give them plenty of Quaker Oats. A big dish of Quaker Oats porridge with sugar and cream or milk is the greatest breakfast in the world for a man who needs vigor and strength for a long day's work. The man that eats Quaker Oats plentifully and often is the man who does good work without excessive fatigue. There is a sustaining quality in Quaker Oats not found in other foods, and for economy it is at the head of the list. Besides the regular size packages Quaker Oats is packed in large size family packages, with and without china.

HOW TO CURE SKIN DISEASES

This is the question that has baffled the medical profession for centuries. A great many medicines have been exploited for the cure of skin diseases without much success. Most of these remedies were salves or greasy lotions. While they might give temporary relief they did not have the power to destroy the germ life that causes the disease. You can now obtain from Mr. W. J. Gilbert, the druggist, a clean, vegetable liquid remedy for external use that will give prompt relief and permanently cure eczema and every form of skin or scalp disease. This remedy, which is known as ZEMO cures by drawing to the surface of the skin, and destroying the germ life that causes the disease. It can be used freely on infants. Mr. W. J. Gilbert says ZEMO gives the best satisfaction of any medicine he has ever sold for the treatment of all diseases of the skin or scalp.

GREAT EXCITEMENT AT LAFAYETTE, IND.

Caused by Fisher, the Quaker Health Teacher, Who Will be Here Tomorrow.

The following from a recent issue of the Lafayette (Ind.) Journal will give an idea of what may be expected here after Fisher arrives:

"W. W. Johnson's drug store, 419 Main street, still entertains crowds of people, all eager to talk to Fisher and to obtain his great Quaker remedies. Two more cases of marvelous results were reported yesterday, which prove all the more strongly the wonderful powers of Quaker Extract and Oil of Balm. Both are reports of well-known local people and their addresses are given so that who wish may investigate further.

"Mrs. Krouse, wife of Frank Krouse, the well known property man of the Park theater (they live at 107 E. 7th St.) suffered for years from various stomach complaints, liver troubles and constipation. When she got up in the morning she felt worse than the night before and always felt tired. Her tongue was heavily coated and her breath bad. After eating she would be subject to bloating and belching, causing heart palpitation and dizziness. Her hands and feet were always cold and her color grew more saffron from day to day. She was discouraged with medicine because she tried so much without relief. Her husband insisted that she try 'Quaker.' She did so. Then she began to notice improvement—this improvement continuing and now she is entirely well. When she learned that Fisher was about to leave Lafayette she called to express her thanks and this testimonial is published with her free permission.

"The other remarkable case re-

ported that of the little 6-year-old daughter of Mr. and Mrs. Martin, who lives on Seventeenth street, near the boiler works. This little girl had been sick for over two years and it could not be learned what really ailed her. At times she was ravenously hungry and at other times the very sight of food would nauseate her. She had several spasms, often complained of pains in her stomach and seemed to be growing weaker each day. She seemed to have lost all life and ambition, did not care for play and could not be interested in study. She was surely the cause of much worry to her devoted parents. A few weeks ago the father obtained a bottle of Quaker Extract. It was given to the child, only a few days, when marvelous to relate, this little girl expelled a monster tapeworm over 30 feet long. This then had been the cause of all her suffering and Quaker Extract by removing the cause cured her sufferings and saved her life. She is now a hearty, healthy child. The tapeworm is on display at the drug store where all who wish may examine it."

Fisher will arrive in Paducah tonight and promptly at 9 o'clock tomorrow morning he can be seen at McPherson's drug store, corner of Fourth and Broadway. If you suffer with rheumatism, catarrh, kidney, liver, stomach or blood troubles, call on him at once and he will cheerfully explain what the Quaker remedies will do for you. It costs nothing to talk to him, but try to call soon, as future crowds will be large. He can be seen daily from 9 a. m. to 5 p. m.

WHEAT SQUEEZE WAS CLEAN OUT

EASTERN MAN CREDITED WITH HAVING BEEN MASTER.

Not Like Patten Deal, Which Was An Open Matter At All Times —Yesterday's Squeeze

CAME OUT OF A CLEAR SKY

Chicago, Oct. 1.—The wheat "squeeze" which distributed the ennu of the speculative routine with a 14c advance in the September option on the board of trade, lacked none of the feature of former years, when "Old Hutch", Cudahy, Partridge and others were wont to explode their bombshells.

It was the cleanest cut of any corner in many years. The so-called Patten deal last spring was an open secret long before the final delivery day, but what happened today came out of a clear sky. September wheat had been lagging toward the need with every evidence of ebbing vitality. For a month there had been practically nothing doing in the September option. September closed yesterday at \$1.06 and slept through most of today's session slightly above that figure.

In a vague way there was known to be a short interest out, but that some individual or clique had secured control of the long side was undreamed of. The trader or traders in control were said to have held about 1,000,000 bushels while the scattered shorts' interest ran between five and ten millions, according to the average expert guess. In volume this does not compare with some of the former deals, but in compact efficiency it is said to be the peer of any. No colossal winnings and losses were involved although some weaker shorts were hard hit.

September was \$1.07 when the riot of shorts began. Receipts in the northwest continued heavy and Europe refused to buy the situation usually followed by lower prices. As the final moment of the trading month drew near and the break did not materialize, the true conditions became apparent.

One long, with 5,000 bushels to his credit, snatched his profit at \$1.10, then watched what became of his sale. In the next thirty minutes it changed hands twenty-eight times on the advancing scale, and the last buyer paid \$1.20.

One of the most influential traders waited until the top had been reached then delivered the actual wheat at \$1.20—100,000 bushels of it. Little wheat came out until \$1.18 was reached. At this figure and above a neat profit was garnered. The deliveries amounted to 615,000 bushels, going to scattered interests.

While several firms were reported to have profited the control of September to an eastern man.

Words to Freeze the Soul. "Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blovens, a leading merchant of Springfield, N. TART AND KNOX OHIO RIVER MEN

EXECUTIVE DEPARTMENT LOOKS GOOD TO OHIO VALLEY PEOPLE.

Hope of Ohio Valley Improvement Association For Work Soon.

WHAT OFFICIALS HAVE SAID

Cincinnati, O., Oct. 1.—The big need of the Ohio river and its tributaries is the arousing of an active public sentiment in favor of a bond issue. The push forward which can be given by a convention composed of hundreds of business men speaking plainly is needed at this time.

President Taft is an Ohio Valley man despite his world travels and world knowledge, he is personally familiar with Ohio valley and its needs and possibilities. He has specifically and in detail endorsed the improvement of the Ohio river.

Secretary of State Knox is an Ohio valley man, and as familiar with its manufacturing industries and commerce, as any man except one who has made a special life study of the subject, and no man has used plainer or stronger words in advocacy of the policy of the Ohio Valley Improvement association.

President Taft. President Taft has repeatedly advocated the issue of bonds for the improvement of waterways. Within the past year at one meeting he said:

"My own judgment is that every improvement like that of the Ohio river should be treated by itself as one great enterprise, just as we treated the Panama canal, and that provision should be made by bonds or otherwise for the setting aside of a fund sufficient to complete it as rapidly as possible. To leave progress in these matters to the fitful and partisan consideration of appropriation committees in congress, influenced by a desire to reduce the appearance of total expenditures each year as much as possible, is to impair the necessary financial support of every one of these great enterprises, and to drag them along from year to year, and greatly delay their ultimate completion."

SHINES IN SOCIETY.

Women with Fascinating Hair Always Attract Attention.

If you are a woman with dull, lifeless, ordinary hair, do not feel distressed. Just make up your mind now that you can have just as luxuriant and captivating a head of hair as any other woman; and quickly too. Just go to W. J. Gilbert's this very day and get a bottle of Parisian Sage. Use it as directed, and in two weeks your hair will be free of dandruff, your scalp will be soft, lustrous and beautiful.

If your hair is falling out, Parisian Sage will stop it. If your hair is thin, Parisian Sage will make it grow in heavily. If you have dandruff it will quickly vanish when Parisian Sage is used. It prevents hair from turning gray; stops itching scalp almost instantly and is the ideal dressing for daily use.

A large bottle costs only 50 cents at W. J. Gilbert's or direct, all charges prepaid from the American Makers, Groux Mfg. Co., Buffalo, N. Y.

"For a long time my hair had been falling out and my scalp gave forth great quantities of dandruff. I used several so-called hair tonics but never received any benefit until I used Parisian Sage. This wonderful tonic cleansed the scalp and hair, removed the dandruff and stopped my hair falling out. There is nothing too good for me to say for Parisian Sage and I strongly endorse its use." Mr. Jessie Sweet, Lowell, Mich., June 28, 1909.

MORE DISMISSALS

OF INDICTMENTS CHARGING VIOLATION OF CRECELUS LAW.

Indictment Against International Harvester Co. Dismissed—John Fox Gets Three Years.

Hopkinsville, Ky., Oct. 1.—With the dismissal of the indictments this morning against G. W. English and J. B. Ramsey, the batch of indictments returned several months ago against individuals and firms charging them with violation of the Crecelus law have all been disposed of except two against the Imperial Tobacco company and the one against Thomas Hodge and R. C. West which is now before the court of appeals for final decision on the question of the constitutionality of the law itself.

In the indictment dismissed this morning by County Attorney Duffy, G. W. English was charged with unlawfully selling pooled tobacco and J. B. Ramsey charged with unlawfully buying pooled tobacco. The indictments were endorsed, "Dismissed for want of proof and in order to make all men equal before the law."

The two charges against the Imperial Tobacco company have been continued until the February term of court, so as to learn the decision of the court of appeals in the case now before them. A decision is expected sometime soon.

The indictment against the International Harvester company, charging them with unlawful combination, was dismissed.

The defendant filed a demurrer to the indictment and when this was overruled by Judge Cook they entered a plea of former conviction in Franklin county in November, 1905. The commonwealth then entered a demurrer to this plea, which was

also overruled, and as prosecution failed to offer proof that the defendant company had been guilty of further violations of the law since the conviction set forth, the case was dismissed.

John Fox, colored, was sentenced to serve three years in the penitentiary, the jury finding him guilty of stealing \$2 worth of chickens from J. E. Bouldin. This is the third time Fox has been sentenced to the penitentiary for stealing, twice for talking chickens and once for purloining a shotgun.

Daily Thought.

Do your stimulating by a kind word rather than a contemptuous one. Use your confidence as a spur, rather than your criticism.

Nothing alters the monotony of existence like a burglar in the house.

ARMING FOR PEACE.

Fortunately the available wealth of the world is limited and credit can reach only so far. Some day the German war lord with his extravagant naval program and the Japanese with their commercial ambitions will exhaust the patience and strength of their tax-burdened people and then that will happen, which will turn the attention of their respective governments from menacing foreign rivals to menacing conditions at home.

What does the average man want more than the peace and comfort and prosperity of himself and his neighbors and the hope of a future existence? What does he care for international politics or the extension of imperial policies?

England sees in the vastly growing armament of Germany a purpose to dominate the seas. In Asia the Japanese royal family by taxing the subjects to subsidize ships and by dodging customs duties and exacting rebates from government controlled railroads, are destroying competition for their slave-made goods; but all the time they are destroying the virility and loyalty of the class on which they must depend to turn the spindles in times of peace and carry arms in times of war. Germany must necessarily be doing the same thing to in her warlike preparations, and national decay is certain to be the ultimate outcome.

We never witnessed a better sign of approaching peace than Germany's demonstration against it. A rainbow of promise shows in the trailing smoke of her line of ships. Men can go to the Hague conference and talk of peace and plot the overthrow of governments; but when the people, who must pay for the ships and man them, get enough of war—why, then war will cease.

As for this country, conditions impose upon us the necessity of keeping an up-to-date navy sufficient to guard our coasts; but our main reliance must be our people and the wealth of the country, and money spent on developing resources and cheap means of interior communication are worth more than a superior fleet in the trial of endurance. As far as the cost of fleets is concerned, we can build and bankrupt every other nation in the world, and still have money left to build more, and when the show down comes, if come it must, we will get the ships and get the men and dictate terms of peace to the world.

IN THE BEST REGULATED FAMILIES.

In the hurry of collecting and publishing the day's news, mistake of detail creep into the columns of every newspaper; and we could catch

up our contemporaries every twenty-four hours, if our efforts to make our own service as nearly perfect as possible did not keep us too busy to spend time in the contemplation of our neighbor's faults. We have observed that those people and those newspapers, which have time to devote to their neighbor's affairs, have much in common.

However, occasionally the best regulated newspaper makes an error that is more embarrassing to its management than to the parties involved; and apology is almost as difficult and unavailing as an explanation. In such a case one can only hope that Mr. Taff's confidence in the American sense of humor is not misplaced, and that the lapse on this particular occasion is so extreme as to be classed as an unusual circumstance and not evidence of a general disregard of facts or carelessness in the handling of news.

Indeed, some errors, far from indicating carelessness, only go to illustrate the disadvantageous conditions under which news is gathered, and increase the wonder that so few serious mistakes are made. If newspaper men had the opportunity for careful consideration before they act that men in other occupations enjoy, they would not make the serious blunders that occur every day in the affairs of men; and that is why trained newspaper men are taking front rank in all lines of endeavor.

The newspaper reporter must grasp the essentials instantly. Otherwise he is lost, and not one novice in twenty ever succeeds in becoming an average reporter, in whom accuracy and quickness of thought and action are prime essentials.

This statement is prompted by an incident yesterday, in which The Sun's story of an old woman dying at the age of 114 years, made her the ancestor of a prominent lady in this city. Of course, the prominence of the family and the unusual age of the deceased justified the biggest type and double leads on the front page. The story came in late and was about the last "set up." O, fate destined us for a colossal break yesterday!

The fact was that the aged woman was the grandmother of the colored cook of the family mentioned. The only explanation we can find is that the information reached the office too late for a reporter to go out on the story. In calling over the phone, he got the cook on the line, and when he asked "Is this Mrs. —?" the cook thought he was inquiring about the residence, and answered yes. The rest is easy to understand. We are deceived occasionally, sometimes by people deliberately, sometimes by circumstances; but never through lack of effort to find out the truth.

THE PUBLIC FORUM.

The Tale of a Skirt.

"Miss Agnes MacDonogh is wearing a pretty dance frock of pale blue chiffon made slightly empire."—From a Philadelphia newspaper.

No one is more regularly the butt of ridicule among the sophisticated and "smart" dwellers in large cities than the country editor whose news columns are customarily filled with reports of the small events of a small community.

In conversation, in comic weeklies, in comedies presented to amuse metropolitan audiences, the country editor of the country editor, it may be said is derided for regarding as news the fact that Mr. Smith or Mr. Brown has painted his barn, sold his riding horse, killed his hogs or sold his crop of corn or tobacco. But in defense that the scope of his operations is not wide. The financial support he receives does not warrant him in filling his journal with expensive articles, and, finally, the community is interested in knowing whose barn has been painted, whose crops have been sold to market. The city newspaper has its reportorial staff, its special correspondents, its telegraphic news service, wherewith to fill its space. It is a trite saying that in making the modern city daily the problem is not that of filling the columns, but of eliminating the least interesting of the valuable items.

It is impossible to eliminate all minor items to give space to lengthier reports of events of world-wide, statewide or city-wide interest. The rule under which the country newspaper reports the painting of a barn holds good in the local room of the largest metropolitan journal. The fact that Mrs. Jones, or Brown, is in or out of town, is "news." The personal column serves its purpose as a more or less complete record of the goings and comings of persons whose goings and comings interest their acquaintances and, to an extent, a wider circle of newspaper readers. But it is possible that the reading public in a large American city is interested to know that Miss Agnes MacDonogh is wearing a dance frock of pale blue chiffon made slightly empire.

Descriptions of gowns worn at official balls, or social events of importance are descriptive of the "brilliance" of the "function," to use the parlance of the personal column. Conceivably they might interest a great many persons. As a matter of fact the experience of publishers proves that they do. But is there—could there be—a half dozen readers of the press who feel an interest in the cut and material of a dance frock added to the wardrobe of Miss Agnes MacDonogh?

Every reader is a consistent and content, though not always competent critic of the press. There is no one who has a casual acquaintance with the headlines who hasn't an opinion as to how the news-

paper of his time, and country, could be improved. The press, arrogating to itself the privilege of general criticism, cannot consistently complain when it is the object of criticism. And, considering the faults and failings that are inseparable from journalism, the blast blown by one journal in the direction of another might well be tempered by a sense of modesty, if not of humor. Before the self-confident city daily pokes fun at the "rural rooster's" sense of news values it might well "meditate upon its sins and self."—Courier-Journal.

SOME STORIES AROUND TOWN

Several pedestrians on Broadway between Third and Fourth streets had a narrow escape from cuts by falling glass yesterday. Curiously they peered up and a black head protruding out of a smashed window was the sight that greeted them. He was a porter cleaning up an office. About that time the fire department rushed down the street, he peered out the window to get a glimpse. The window was down and he poked his head through the window pane, while the people below were treated to a glass shower.

Big Grover Land, who played with Paducah several years ago has gone to Cuba to show the natives how to catch, and toss the sphere. The Indianapolis team of the American association has signed up to play the Havana team. Manager Carr was detained as a witness in court and he secured Grover to officiate at first base in his absence.

How is this title: "Hop Little, auctioneer, backs up against the high license trust?"

Well, at any rate, the story is true and told on him by his friends who consider it a good joke. "Hoppe," as he is well known, was auctioneer in Paducah years ago, but left here for the west, returning several weeks past, after an absence of several years. As he was still remembered as an auctioneer, he was engaged by a citizen to auction off his household goods. Hop didn't have a license but decided to go ahead with the sale and pay the license after he received his remuneration. He received \$5 for the job and went immediately to the city clerk to pay the annual license. The license was \$5, having been increased a few dollars since Hop had left town. He is laughing over it also.

Some of the salesmen traveling out of Paducah now are wearing the smile that joins ear and ear. The justification is because they are "on velvet." It is a term used by the "boys" when they have sold the necessary amount of goods to fulfill their contract, and on the remainder of the sales of the year receive an extra commission. Thus being "on velvet" is a mighty happy experience for the traveling salesman or anybody else who is so fortunate. Business has been good in 1909 and most of the salesmen are well pleased with their orders, and several of the men have filled their contracts by disposing of the amount of goods they agreed to sell. Thus they have three months to draw on the firm for a real nice fat commission extra for their salaries.

VOICE OF THE PEOPLE.

The Tobacco Situation.
An appeal to all whom it may concern, and especially to the farmers of western Kentucky district—Planters' Protective association:
Gentlemen, having just completed

the sale of all the tobacco pooled by the association for the year 1908, I do with much pleasure, give out the following statement, as is shown by the auditor's report for the year 1908—Hogheads, 49,345; net weight, 71,812,488; amount, \$5,692,918.33; average price, \$8.

The above figures indicate a success, and yet someone has said that the association is dead. Gentlemen there are grounds to believe that it is a very live corpse. Comparing the above figures with the average price obtained in 1904, which was about 3 1/2 cents per pound when there was no organization, gentlemen the difference is appalling. We find to our credit two and one-half million dollars. The intelligent thinking farmer knows that the above estimate is correct and will not desert the Planters' association. The kicker says, "But you fellows have made some mistakes, and I am not going to risk you again. I want to say to all such kickers, that if it does not rain next summer we will have an awful dry spell, and that if you do not come in and help to hold the association, that you are the fellows that will make the mistake. Let me say to you, my friend, there is a lesson for you to learn. Study the life of the business world. Do business men go around kicking about their mistakes? I answer no, but set about to right their mistakes. It is and will be the policy of the officers of this association to weed out every undesirable employee and to only use such men as can and will comply with their contracts made with the association. To all whom it may concern, that we appreciate the kind favors offered the association of the western district by a number of business men of the city of Paducah. That in our endeavor to build the greatest tobacco market at Paducah that it has ever had, should certainly attract the attention of every thinking business man; that the officers of the association feel that the earnest co-operation of the Commercial club of the city could do much in our behalf. Gentlemen, help build up the farmers of Jackson's Purchase and you will build a greater Paducah.

13 COUNTIES ARE WET

Knox County, Wherein Vincennes is Located, Went Wet.
Vincennes, Ind., Oct. 1.—Knox county voted "wet" in the local option election. The forty-three precincts in this county gave a majority of 761 for the "wets." The city of Vincennes voted "wet" by a majority of 1,709. Knox county is the thirteenth of the 92 counties in Indiana to vote "wet." Sixty-two of the counties have voted "dry," and eight are "dry" through the operation of the remonstrance law. In nine counties no action has been taken.

In the Sixth ward where the "wets" attempted to vote several foreigners, the temperance workers produced records of all foreigners naturalized here within five years. The women assisted in getting out the "dry" vote and served free lunches. Hourly prayer meetings were held in the churches and homes.

Wets Win in Roanoke.
Roanoke, Va., Oct. 1.—Roanoke today voted by a majority of 69 to retain the licensed saloons. In the election last December the "drys" got a majority of 86, but the election was annulled.

Good Protracted Meeting.
Reports from the protracted meeting at Harmony Baptist church are that the meeting is getting along in fine shape. There has been five conversions up to date. The pastor, the Rev. J. R. Stewart, is assisted by the Rev. Wallace Wear, of Alabama, and large crowds are attending every meeting. The meeting will continue through next week and the pastors in charge expect the largest meeting in the history of the church.

River and Weather.

The stage this morning was 4.2 feet, indicating a rise of three-tenths in the past 24 hours. The lowest stage reached by the river this year was in September when it was at a stand of 5.5 feet for four days. The highest stage attained was 5.8 feet, the first part of the month. The river rose two days and was falling 12 days and on a stand for 16 days. There were 24 clear and bright days and six cloudy days. The depth of rainfall for the month was 4.36 inches. Business was fair during the month.

Driftwood.
The City of Sallito came in port from St. Louis at 1 o'clock this morning with a good trip of freight and many round trip passengers. She departed soon after for Waterloo, Ala., and should return here Monday.

No word from the Bob Dudley, the Evansville packet, was heard yesterday and she came in today. There will be no Evansville packet again until Saturday.

The Dick Fowler will be let off the Mound City way tomorrow and brought here Saturday. It is not probable that she will make the trip down the Mississippi river with the presidential fleet. The matter is in the hands of the officials at Cairo and word is expected in a few days.

Paducah river interests will be represented at the national convention of the Lakes-to-the-Gulf Deep Waterways association, which meets October 30 and November 1 and 2 in New Orleans. Mr. Saunders A. Fowler has been appointed a delegate by Governor Willson and will attend. This morning Capt. John E. Rollins, a well known pilot, and master of the Bettie Owen, was appointed a delegate to the convention. The appointment came from the Masters' and Pilots' association, No. 28, at St. Louis. The New Orleans convention will be attended by masters, pilots and mates belonging to the American association.

The Peters Lee is now running between Memphis and St. Louis in place of the Ferd Herold. She is running in a semi-weekly schedule.

The St. Louis Globe-Democrat says: "The arrival of the United States torpedo fleet occasioned a good deal of excitement in river circles. The fleet was piloted by Capt. Henry Partee, Capt. Joe McCullough and Capt. Joe Gibbons. The last named is president of Crescent Harbor, 18. Masters and Pilots, of New Orleans. Captain McCullough and Captain Partee are St. Louisans and members of Harbor 28. Captain McCullough has for several years been president of the Mississippi and Ohio River Pilots' society."

"Capt. John E. Rollins, master and owner of the steamer Bettie Owen of Paducah, has written Dan Kerwin, secretary of Harbor 28, that he regrets he can not be in St. Louis for the centennial. He is third vice-president of the harbor."

annual convention in New Orleans.

The experiment of installing turbine engines and propellers on an Ohio river steamboat is exciting a large degree of interest in river circles and if, as expected, the change will increase the speed of the boat upstream from two to two and a half miles an hour, may result in a complete change in a complete change in the propelling power of river steamers. The result of the experiment will be closely watched by river men. The Pittsburgh and Cincinnati packet Ono is being fitted out with two turbine engines and a 30-inch propeller on each side of the boat, located just forward of the rudders. The stern wheel will be retained until Capt. E. F. Maddy has given the propeller system a thorough trial. The boat is expected to come off the docks about October 20.—Louisville Courier-Journal.

The St. Louis boats are booking passengers for the trip down the river with the president this month, the round trip being \$50. Each boat is chartered by a syndicate and the passenger receipts go to pay the cost of the charter.

THEATER CHANGES OWNERS

Bijou Land Co. Now Controls Pittsburgh Playhouse.

Pittsburgh, Oct. 1.—The Bijou theater property, on Sixth street, now the Lyceum, today passed under control of a newly formed owning corporation, known as the Bijou Land company, organized under the laws of Pennsylvania. The transfer was made a deed dated August 21; last, which recited that the recent purchasers of the property, Edward D. Stair and Grace Stair, his wife, of Detroit, and John H. Havlin and his wife, Georgia Havlin, of Cincinnati, conveyed the property to the Bijou Land company, of Pittsburgh, for the nominal consideration of \$1 and "other valuable considerations."

It is understood that R. M. Gulick, who, with the estate of the late P. J. McNulty, transferred the theater property to the Stairs and Havlins, have an interest in the Bijou Land company. Mr. Gulick stated today that this new corporation was the result of a plan formulated some time ago by which the present owners, including himself, would organize a stock company, which should have control of the theater property.

RAY STATE DEMOCRACY.

Holds a Convention of Almost Unparalleled Harmony.

Boston, Oct. 1.—The Massachusetts Democracy, in a convention of almost unparalleled harmony, today named a state ticket, headed by former State Senator James H. Vaher of Watertown. Two "liberal" Republicans are on the ticket—Eugene N. Foss, for many years foremost "reciprocal wing" of the Republican party, who was nominated for lieutenant governor, and Harvey Shepard, of Boston, nominated for attorney general. The platform favors immediately the reduction of the tariff on necessities; a reciprocal trade treaty with Canada; support of only such candidates for office as are pledged in favor of the income tax; the election of United States senators by popular vote and direct nominations.

Resolutions were adopted expressing sorrow at the death of Governor Johnson of Minnesota.

Friends Parade Street and Announce Marriage Through Magaphone.

Spokane, Wash., Oct. 1.—Bound hand and foot, loaded into a waiting auto and conveyed through the principal business streets of Spokane, was the fate of Arthur A. Hornberg and his bride, Miss Ima A. Strong, following their marriage at the home of Mrs. Florence A. Smith, 519 Second avenue. One of the members of the party, which consisted of George H. Magruder, Earl Jones, Walter Thompson, Bert Reynolds, Harry Mills, Lou Burnhart and Miss Florence Smith, with a big megaphone announced that Mr. Hornberg had just been married.

CRIMINAL COURT

drick and Corbett responded with two affidavits to the effect that Smedley was of unsound mind and incompetent of assisting them in making a defense of the indictments. One affidavit was made by Mrs. Hiram Smedley, who asserted her husband was out of his reason, while his attorneys stated that they had been unable to advise with him about his cases. They advised that County Attorney Alben Barkley had refused to grant a lunacy investigation.

Judge Reed read the affidavits and announced he would hold the trial Saturday morning. Should Smedley be judged of sound mind and the trial be forced on a change of venue will be asked. His attorneys state that almost every resident in McCracken county has learned enough of the case as to make it difficult to obtain a jury. The law requires that the case be tried in an adjoining county and should it be granted the trial will be held in Marshall, Graves or Ballard counties.

A number of penitent prisoners faced Judge Reed this morning and pleaded guilty and took their sentences. Tom Carmandy, charged with housebreaking, pleaded guilty and was given two years in the penitentiary. Henry Davis, charged with housebreaking, pleaded guilty and was given one year in the penitentiary. Will Childress admitted he was guilty of malicious shooting and was sentenced to two years in the penitentiary. John Stevens was fined \$20 for gaming.

Miscellaneous.
The case against Bob Ford, charged with detaining a woman against her will was set for next Wednesday.

Cases set for next Monday were: Ida Turner, grand larceny; Frank Green alias Rush Green, malicious cutting; Nelsie Perkins, grand larceny; Will Wallace, grand larceny.

The E. & F. Amusement company was dismissed of the nuisance charge. It is the closing of the graphophone nuisance. The company was fined in police court for running the talking machine during business hours and an appeal was taken.

A breach of peace case against Lon Gilbert was filed away.
An indictment, charging Ed. Vasseur and Nellie McClure with immorality, was filed away.

The following cases were continued until next term: Charles Hammonds, Will Lack, Claude Barnes, Will Hood, gaming; Brantley Boaz, furnishing liquor to a minor; Tom Gregory, assault and battery; Edgar Thicklin, nuisance; Skillet Jenkins, Harrison Vickers, "Rabbit" Workman, Louis Franklin, Guy Council, George Pool, Lon Wood, Henry Todd, Julius Young, Frank Rardon, gaming; Albert Dickson, petit larceny; M. Melton, breach of peace; Herbert Williams, concealed weapon; Clarence Bennett, assault and battery.

Prominent Golfers From Across the Ocean After American Title.

New York, Oct. 1.—There are 68 entries for the women's national golf championship opening next Monday at the Merion Cricket club, Philadelphia. Four prominent English players are included, of whom the most conspicuous is Miss Dorothy Campbell, of North Berwick, Scotland, paired with Miss Mary Adams, of Boston, the eastern title holder. The others are:

Miss Frances Teacher, also of North Berwick; Miss Sparling, of Barnhurst, and Mrs. R. C. B. Lethbridge, of East Herts, England.
Both Misses Harriet and Margaret Curtis, of Boston, former national champions, are included, also Mrs. Charles S. Stout, of New York, likewise a former United States title holder.

MANLOVE DESERTS HIS LADYLOVE AND CHILDREN

On the grounds that her husband had deserted her and gone to St. Louis, Mary Manlove, colored, of 924 Washington street, appeared before Police Judge D. A. Cross this morning asking for a warrant for his arrest. The fact that it would not be a felony charge and that she would be unable to pay the cost of bringing him back, the warrant was refused her. The woman said her husband John Manlove, a tobacco stemmer left her and her three children a few days ago and went to St. Louis, leaving her without a penny. She wrote Chief E. P. Creevy, of the St. Louis police department, asking for his capture, but he sent a letter telling her to consult Judge Cross. This kind of a charge would not justify a warrant and the cost of having him arrested and brought back.

ATTACKS SOCIALISTS.

Naturalization Examiner Says "So called First Step to Anarchy."
Cincinnati, Sept. 30.—Chief Naturalization Examiner Merton A. Sturges, representing the United States government, in the federal building today attacked socialists and placed them in a class with anarchists. Sturges, examining applicants for naturalization, put 1,000,000 citizens of the United States who voted the socialist ticket last fall outside the pale of politics and conventional society by asking each of the applicants whether he was an anarchist or a socialist. The question as to whether an applicant holds anarchistic views has been asked hitherto but this is the first time an examiner has ranked socialism with anarchy. "I consider socialism the first step to anarchy," said Sturges in explanation. Sturges is the official representative of the government, and his views are taken to be the expression of the administration's view.

The sensation sprung by Sturges will probably cause some kind of a demonstration of protest by socialists and others who hold radical political and economic views. The socialists cast over 500,000 votes for Eugene V. Debs last fall, and in Wisconsin they have captured several state legislative districts.

BLOOD CLOT ON HIS BRAIN.

Conductor Hart in Pogram Week a Raving Maniac.
Nashville, Tenn., Oct. 1.—It may become necessary to remove a tiny blood clot from the brain of Conductor Ellis Martin, who was injured in the Pogram wreck of Sept. 15, and who has since been in an infirmary. For a time it was thought that Martin's injuries would prove fatal, but he has recovered with the exception of the injury to his head, and for several days has been a raving maniac and on several occasions has been placed in a straight jacket.

WAVE UP ALL HOPE.

After Four Long Years of Suffering, Mrs. Dean of Benbrook Was Finally Relieved By Cardui.

Benbrook, Tex.—"I feel like it is my duty to advise other women to take Cardui, the woman's tonic," writes Mrs. L. C. Dean, of R. F. D. No. 6, Benbrook, Tex.

"I suffered for four (4) long years with female complaints. Such a miserable person as I was! I had three doctors, but they did me no good, and I gave up all hope of being relieved."

"At last, my doctors advised me to take Cardui, the woman's tonic. I took four bottles and now I am well. Cardui saved my life and I cannot say enough for it. I have prescribed it with great success for young girls and women with various forms of female complaint."

"Cardui is a real boon to suffering women. I am thankful for the good it has done me and I know it will cure others."

This remarkable letter from a lady who has actually tried Cardui ought surely to convince you of its genuine merit and induce you to give it a trial for your troubles.

Purely vegetable, perfectly harmless, non-intoxicating and free from all deleterious ingredients, Cardui is the ideal remedy for all weak, suffering women, young or old.

You are urged to get a bottle at the drug store and commence its use today.

NOTE—The Cardui Home treatment for Women, consists of Cardui (11), Theodor's Black-Draught (25c), or Vello (50c), for the liver, and Cardui Antiseptic (50c). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women" sent in plain wrapper on request.

A VEGETARIAN DIET.

As for any other question, is it any wonder that so many people exclude meat from their diet? Spaghetti, considering how well it nourishes with out producing that uncomfortable "after-dinner" feeling, without over-heating the body, and at a cost that seems a mere nothing when compared with the price of meat.

Any day—every day—once a day or twice a day—for grown folks and growing folks—indoor people and outdoor people—strong digestions and weak digestions—brain workers and body workers—there's no other one food that begins to be like Faust brand spaghetti. And how indescribably good it is! This true as steam-ing brown baked spaghetti, next time with eggs, today as a side dish, tomorrow as the principal dish—always right—always appetizing—getting the family to the table on time and causing them to linger behind hoping for more.

Only five and ten cents a package. All grocers. Write for free book of recipes.

GAME TOMORROW BETWEEN HIGH SCHOOLS.

Local Gridiron Season Opens With Visit From Metropolis Boys.

The gridiron season will be opened in Paducah tomorrow afternoon when the eleven of the Metropolis High school will lineup against the team of the Paducah High school. The opening game no doubt will draw a large crowd of the piskin rooters, aside from the fact that High school scored a victory over the Metropolis boys last Saturday. Since the defeat if reports be true, the Metropolis team has been strengthened in several places and the Illinois boys are coming tomorrow with the determination of winning. Coach Hugh B. Craig has been busy this week, however, and the High school warriors have been put through a grueling that will fit them to buck against a stone wall. The same lineup will be used by High school, although a few scrubs will be put into the game during the second half.

A. FRANKE UPHELD BY THE ALDERMEN

CHARGES AGAINST CITY SEWER INSPECTOR FALL DOWN.

Upon a Unanimous Vote of the Board of Aldermen He is Fully Exonerated.

NO EVIDENCE OF WRONG ACT

Sewer Inspector A. Franke was last night exonerated of the charges brought against him in affidavit form by the board of aldermen at the city hall. The board was called together by Mayor Smith and after evidence had been heard the vote dismissing the charges was unanimous. The evidence failed to show any wrongdoing whatever on Mr. Franke's part.

President Ed Hannan, of the aldermen, presided and the prosecution was conducted by Councilman George Hannin. Attorney Tom L. Crice defended Mr. Franke.

M. S. Oakley, the first witness, remembered fixing sewer pipes at the Williamson stone works on Labor Day, but said he received no extra pay. A. C. Sands, in the employ of Franke, was the next witness, but his testimony showed that work done at the Paducah brewery plant and knitting mills in cleaning out the sewers saved three days' time and only took half an hour. John Williamson, of the Williamson marble works, told that Franke repaired a pipe at his shop, but no extra money was received and when the inspector dug down to a water pipe he quit work. Frank Jones testified that Franke had constructed a stable on South Third street, but did not know whether the city's employees were used.

Street Inspector Ernest Bell told the board that he always kept a keg of nails at his shop, but did not miss any and didn't believe that Franke would do such a thing as to take the nails for his private purposes. Mr. Gus Edwards, paymaster at the Paducah Brewery company, said Franke did not receive one cent for cleaning out the pipes as it was for the city's benefit and not the brewery. On being questioned by Alderman Stewart, Mr. Franke said he refused a glass of beer, for he had been on the water wagon six months.

The investigation into the payroll of Henry Gerdau fully exonerated Franke. Gerdau was ill, having worked but three days. Mr. Franke allowed him a full week's pay and the next week deducted it from his pay. Mr. Franke explained that he did not think he was doing anything wrong. A. W. Watson missed one day working, but did not report to Mr. Franke and received pay for the day he did not work. Mr. Franke said he was entirely ignorant of the fact that Watson laid off one day, as Watson did not report being away. Several other witnesses were not called on and after Mr. Franke's evidence had been heard the vote was taken dismissing the charges.

Present last night were: Aldermen Hannan, Durrett, Hank, Lackey, Oehlschlaeger, Potter, Sherrill and Stewart.

LETTER FROM HOME.

Dear Sirs:—As you requested I should make you a statement, after taking your Hays' Specific, I write to say my wife and I have taken two bottles for stomach trouble, and indigestion and we are well. It is not only a relief but a cure for this disease. No one need lose hope when your remedy can be had. With our pure water and Hays' Specific, Paducah ought to become a health-resort.

RESOLUTION.

City of Paducah, Ky., September 20, 1909, Member Van Meter offered the following resolution:

That the request of the Paducah Brewery company in regard to laying concrete sidewalk, concrete gutter and granite curb in front of their bottling works, on Monroe street, is granted, with the understanding that this does not relieve the said Paducah Brewery company from complying with any improvement in the future which may be ordered. Said work to be done under the supervision of the board of public works and city engineer.

Approved: A. M. FOREMAN,
President Board of Councilmen

Adopted: MAURICE MINTYRE,
City Clerk.

Approved: ERNEST LACKY, Pro Tem,
President Board of Aldermen.

Approved: JAMES P. SMITH,
Mayor.

RAILROAD NOTES

A bulletin was posted this morning announcing the appointment of A. F. Byers as general yardmaster, vice J. Sullivan, who is assigned to other duties. Mr. Byers has served as assistant yardmaster in Paducah, but recently has been assistant yardmaster in Louisville. Now he will be in charge of the Paducah yards, which require an experienced man, as both the north and south yards are open. Mr. J. Sullivan has been yardmaster for many years, and he will continue in the service of the railroad, being an attaché of the yards.

In a few days it is expected the nine hour day with machinists will go into effect. It has been agreed between the representatives of the machinists and the Illinois Central officials that the working day will be nine hours, but the agreement has not been signed. However, it is expected the agreement will be signed in a few days and then machinists in the round house as well as the machine shops will work nine hours. At present the Paducah machinists are working nine hours, but in the round house ten hours a day.

Roy Prather, ticket agent at the Union station, is ill of malarial fever.

JEFFRIES WAS DISAPPOINTED.

At Offer of \$55,000 For Match With Johnson.

Paris, Oct. 1.—Jeffries had almost completely recovered from his cold. He will go to London Tuesday and sail for America October 18.

Jeffries says he is most anxious for the fight with Johnson, but that nothing has been definitely settled. He is disappointed at the offer of \$55,000 for the fight, saying:

"I am champion of the world. I have everything to lose and nothing to gain. Therefore I don't want to fight for a purse of less than \$150,000. This is the sum first proposed, but since I began training, my advisers appear less keen. I believe I will make a match as soon as I reach New York. I had rather fight in America than in Australia and believe the governors of several states will be willing to allow the fight. I am quicker than I ever was and am confident I can lick Johnson."

WILL TRY PANAMA LIBEL

Judge Anderson Refused to Grant Government Continuance.

Indianapolis, Ind., Oct. 1.—Judge Anderson of the United States district court today refused to grant the plea of the government for a continuance of the hearing of Delavan Smith and Charles R. Williams, proprietors of the Indianapolis News, who are charged with criminal libel in having published articles alleged to intimate that there was corruption in the sale of the Panama canal zone to the United States.

The hearing will be resumed before Judge Anderson on October 11. Partial hearing was had last June. Judge Anderson said in his ruling today that the defendants were under indictments, and either should have their hearing or be discharged. He said that the matter had been delayed by the government.

MONEY BACK.

W. J. Gilbert Sells a Remedy for Catarrh on That Liberal Basis.

Breathe Hyomel over the germ-ridden membrane, and it will kill the germs and cure catarrh. There is no other way—you must get where the germs are before you can destroy them.

And when catarrh germs have disappeared, other things will happen: there will be no more hawking, not even in the morning; that offensive breath will disappear; there will be no more obnoxious mucous, or coughing, or sneezing, or huskiness of voice, or difficulty in breathing. All these disagreeable accessories of the demon catarrh will disappear, and as they go the glow of health will return, and all the strength and energy that was formerly used in combating the inroads of catarrh, will bring back your vitality and ambition, will make a new, healthy, happy being of you in a few weeks.

W. J. Gilbert will sell you a complete Hyomel outfit for \$1.00. This includes a fine inhaler, a bottle of Hyomel (pronounced High-o-mel) and instructions for use. Sold by leading druggists everywhere. Extra bottles 50 cents. And bear in mind, money back if Hyomel doesn't cure.

M-I-O-N-A Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

DEPOSIT GUARANTY GIVEN HARD TEST

OKLAHOMA UNDERTAKES TASK OF PAYING \$3,000,000.

Many Institutions Demur at Extra Assessment; National Concerns are Accused.

THE OTHERS MAKE PROTEST

Oklahoma City, Okla., Oct. 1.—The state of Oklahoma stood behind the doors of the failed Columbia Bank and Trust company and paid all depositors, in fulfillment of its pledge under the recently enacted bank guaranty law.

It was the first big test for the law, the Columbia being the biggest bank in the state, with deposits of more than \$3,000,000.

This is the second bank failure since the guaranty deposit law was enacted. In the summer of 1908 the International bank of Coalgate was closed by the bank commissioner because the officers of the bank had made excessive loans to themselves. The bank's liabilities, about \$38,000, were paid in full, the bank was reorganized and now is open.

Others Protest Assessment.

The first discordant note in the general plan for the commonwealth to assume responsibility for the state bank losses was the report from Guthrie that the state bankers will protest the payment of the emergency 2 per cent assessment on capital stock for the purpose of swelling the bank guaranty fund sufficiently to take care of the failure of the Columbia.

The Columbia was declared insolvent by the state banking board shortly after midnight last night and the doors were opened at 9 o'clock today by A. M. Young, state bank commissioner. Fewer than one hundred persons were waiting for admittance and when the doors were closed at 4 o'clock there were only seventy persons in the lobby. The payment of depositors at first was made at only one window, but later payments were being made at three, cash being handed out at two and checks on other local banks at the other window. It was not announced at the close of business how much of the bank's deposits was paid out.

Securities to the amount of \$250,000 have been offered the bank officials by local capitalists, but these have been refused on the advice of the bank commissioner, who expresses confidence that there will be no difficulty for the state to pay the depositors dollar for dollar.

Law's Failure Means Disaster.

Interest throughout the state was intense. The Columbia company was the reserve for 150 other state banks and had on deposit \$1,300,000 of their deposits. The failure in the application of the guaranty law would mean ruin to many of these, and a financial panic in the state.

The country bankers, however, see another difficulty facing them. It is probable they may be required to come to Oklahoma City to certify their claims. If they should do this the home folks might get to talking about the trip and start a story that the bank was hard pressed if the owner was compelled to go to Oklahoma City after his money, and this might result in a run on the country banks. Bank Commissioner Young today had a special fund for the accommodation of the small banks that might be in need of immediate funds to carry out pending contracts.

Many persons were astonished when they heard that the Columbia bank was in trouble. Its distress was closely guarded at home. W. T. Kemper, of Kansas City, is said to be the man who found the trouble. He was invited to come here by James Menefee, the state treasurer and a stockholder in the bank, and examine the accounts of the institution. He is said to have found a large quantity of paper secured by oil properties. He told President Norton of the Columbia that if this paper is good the bank was solvent, but if it was not good the bank would need help to meet its obligations. Norton insisted the paper was good.

Kemper would refuse paper. Mr. Kemper said that his own bank would not give the least consideration to this kind of paper. It is said that oil operators lately drew \$150,000 upon their attached notes from the Columbia, but Bank Commissioner Young declares that two of his best examiners examined the bank sixty days ago and found everything all right. The bank has been making tremendous bids for business since that time.

The rumor that has recurred most frequently throughout the day in explanation of the closing of the bank is that before a certain officer of the bank came to Oklahoma City he obligated himself in certain business transactions to stand personally responsible for certain loans that had been put up for collateral loans, this collateral being the paper of oil operators. According to this rumor, much of this paper was taken over with the bank's money. The amount is estimated at between \$250,000 and \$300,000.

The failure has revived the old fight between Governor Haskell and the national bankers who refused to enter the bank guaranty plan. Friends of the guaranty system still declare the enmity of the national bankers, rather than anything that may have been done by any of its officers, was the cause of the bank's suspension. The national bankers, they say, told damaging stories that cut off the bank's credit in a number of the largest cities.

Haskell Threatens Banker Foes.

Governor Haskell sent three or four men to the national banks today to engage the national bank officers in conversation about the guaranty system, and the probable outcome of the present liquidation. Some of these national bankers did not drop rose leaves in the hands of the governor's emissaries. The latter returned to Haskell and made affidavits as to what the national bankers had said. Haskell at once retorted that he would call upon the grand jury in every county, if necessary, to stop such talk.

The special committee appointed by the last legislative assembly in Wisconsin to investigate the bank guaranty reached here just in time to see all the artillery of the system unlimbered and brought into action. The commission was in session all afternoon. Besides examining the state officials, representative bankers and business men throughout Oklahoma will be questioned by the committee here during the state fair.

ILLINOIS COAL LAND SOLD.

New York Man Buys 4,000-Acre Tract—Will Develop Field.

Mt. Vernon, Ill., Oct. 1.—Loren N. Wood, of New York, closed a deal for 4,000 acres of coal lands today in Franklin county. This purchase is the third Mr. Wood has made in the past few months, and his holdings now reach 16,000 acres, for which he has paid \$600,000. The lands lie in Jefferson and Franklin counties in a rich coal field.

There is other territory, comprising 50,000 acres, under operation that has not yet been purchased. New York capital will develop the southern Illinois field, which was recently entered by the Chicago, Burlington & Quincy railroad. A branch of the Illinois Central is under construction to the field.

Gets Halley's Comet on Film.

Chicago, Oct. 1.—Halley's comet, which recently came within sight of this country, has been photographed by Oliver J. Lee, of the Yerkes observatory at Williams bay, Wis. The meteor was first seen by Professor Sherburne W. Burnham through the big telescope at the observatory. The plate on which the photograph was made was exposed for two and one-half hours on September 25, and appears in the October number of the Astrophysical Journal. It is thought to be the first picture of the comet obtained in the United States.

News of Theatres

That the Gertrude Ewing company is adding to former popularity here was again demonstrated by the large audience last night that witnessed the presentation of "Camille" at the Kentucky. Miss Ewing was at her best and gave a portrayal of Dumas' famous character that left nothing to be desired. She was an ideal "Camille", and seems to completely lose her own identity in the many phases of emotion the part affords. Mr. Brackett was manly and admirable as "Armand", and the cast was evenly balanced and good. The specialties are also worthy of mention as for a repertoire attraction they are not only enjoyable but a feature.

Tonight "Sapho" is announced as the society event of the week with beautiful Parisian costuming. Miss Ewing will introduce to theatergoers the newest creation in the milliner's art, "La Pantalon" costume. Saturday matinee at 2:30. "The Nutty Family."

The Detroit Times says: "Musical comedy still holds the board in the Lyceum theater. This week it is 'Fluffy Ruffles,' with the saucy and witty dainty comedienne, Florence Gear, in the name part. The production is familiar to Detroit theatergoers, but it has lost none of its charms through repetition.

"There is a lot of snap and go about 'Fluffy Ruffles,' that is, the way Miss Gear and her associates present it. The chorus comprises a number of young women good to look upon and who can also sing and dance a bit. The musical jingles by William T. Francis are uniformly tuneful. On the book and lyrics, John J. McNally, Wallace Irwin and George Totten have collaborated with good results.

"Miss Gear, in the character of 'Fluffy,' has an airy way about her that wins instant favor. She has a pleasing voice and is given plenty of opportunity to exercise it during the course of the three acts.

"The other roles are in capable hands for the most part. John J. McCowan shines as Noddie Noddies, one of the picturesque slang. Harry B. Roche gives a satisfactory portrayal of an English tourist of the conventional type. Isabel Vernon as Mme. Shonts shows considerable ability.

"Scenically the piece is most attractive, notably the setting in the third act, which shows a fashionable drinking resort on the outskirts of Paris."

Hough, Adams and Howard have carved another notch in the ladder of fame, with their latest musical comedy success, "The Golden Girl," which comes to The Kentucky soon. These authors have never yet known what it is to write a failure, and in the production of "The Golden Girl" they are said to have outdone all previous efforts and made a distinct departure from all former successes.

The plot contains a pretty love story, with scenes laid at West Point Military academy, and shows Messrs. Hough and Adams in their merriest mood, while Joe Howard's music is pronounced the best he has ever composed. To say that the piece was staged by Ned Wayburn is an assurance that it contains many novel and unique features.

The principal parts are in the hands of Jimmy Lucas and Marie Flynn, who are ably assisted by a score of well known players and a beauty chorus of fifty, such as only the LaSalle school turns out.

The big musical features are: "The Indian Love Song," which gives ample scope for beautiful stage settings and picturesque costuming, and "Wine, Women and Song," which

contains many novel features, while the song hits include "I Think I Hear a Woodpecker Knocking on My Family Tree," "I Can't Love Everybody," "Let's Go Down and Take in the Shows," "Vive la Nuit" and "Kiss Me."

COAL! COAL! COAL!

experience of ten years, handling coal from every mine accessible to Paducah, TAYLOR COAL has given the best satisfaction, and, as the consumer is the best judge and the one to please, we have decided to handle no other. Never clinkers; no slate, no slack; burns to a fine white ash and will beat any coal in the world for holding fire all night. We have found it the best, those that tried it found it the best, if you try it you will find it the best, and have no other. Be sure and get our prices before buying.

Now is the time to place your coal order for the winter. And every coal dealer will tell you his is the best. Unlike other dealers, we are not under salary or contract to sell coal from any one coal mine and to tell you it is the best; but an ex-
